## SUMMARY

I am a skilled developer and administrator with over 10 years of experience in both corporate and private environments.

Most of time I worked in PHP, MySQL, JQuery, HTML, CSS. I worked mostly in Wordpress, Joomla, Yii, CodeIgniter, Open Cart.

## EXPERIENCE

### PHP programmer / team leader, odmori se

Serbia, Belgrade — April 2006 – Present

Working in partner company as lead developer. Our team had between 3 and 6 members all time. My job is project management, backend programming, and sometimes frontend.

#### Responsibilities

- Project management
- Communication with clients
- Writing project documentation
- PHP programming
- MySQL programming
- MySQL server administration
- Apache server administration
- Linux administration, shell programming
- Frontend development
- ....

### PHP Programmer, Netlink

Dubai, UAE — April 2006 – June 2007

Development of company based websites and intranet portals. Few sites for big companies, and some interesting projects like email-marketing system.

#### Responsibilities

- PHP programming
- MySQL programming
- MySQL server administration
- Apache and Mail server administration
- Writing project documentation

## EDUCATION

### Faculty of Mathematics, University of Belgrade

Bachelor of Informatics and Computer Science — 1999-2005

### XII Belgrade Gymnasium, Belgrade

High School — 1994-1998

I was programming, either alone, or in team from 2-6 people in more than 300 websites, android and iphone apps. Some of them can be seen here <http://portfolio.odmorise.com/?fl=1> .

Most of them are not there, some are not even online anymore.

I can provide bigger list on request
